

Shadows over Smurfland

Mushroom-village, peaceful home to the cute little Smurfs. Life is quite and easy in the village. The band plays a happy tune, flowers are blooming and butterflies fill the air. Birds are singing and the droll Smurfs smurf happily into the day.

Suddenly a shadow falls over the countryside!

Inexpressible horror spreads his black veil across the land, suffocating all life!

Up to now our little friends have dealt with the evil wizard Gargamel and his cat Azrael easy enough. But now, THE EVIL arises from amidst their own ranks, leaving a trace of destruction and helpless victims to serve his unspeakable desires.

Can Smurfland survive and will the funny and amiable Smurfs escape the danger or will our droll little friends vanish forever? Will madness spread beyond the magic forest into our world? Are you strong enough to face horrors, never seen before? Smurf-Quest is history!
